Home Design, Planning and Furnishings, Fairfax, Virginia

Selections from a favorite client's home include custom furnishings, wall finishes, window treatments, custom area carpets and lighting selections. Today's larger homes or townhomes require custom area rugs to unify open plan design homes with continuous wood flooring throughout. We provide many different patterned carpet selections to compliment the home owners existing furnishings, custom borders, shapes and sizes for uniquely designed finished carpets throughout. The custom area rugs provide harmonious flow and handsome detailing throughout the main level unifying the rooms and design concepts and create a harmonious character not achievable with ready-made options.

Luxury Townhome, Fairfax VA, Government Center area, Custom Sheer Drapery Panels with coordinating fringe, antique gold 3" wood poles and finials, wood blinds with tapes, green faux suede wall finish, elegant indirect chandelier and crystal and alabaster table lamp.

The Foyer area rug has a 45 degree cut off at the stairs, fits the landing area perfectly and matches the Living and Dining room area rugs. Traditional English furnishings are set off with new custom upholstery and enlivened with the yellow chenille upholstery.

The Living Room and Dining Room custom area rugs separate the spaces in this open plan layout. The Living Room rug is rectangular with one cut off corner ending the area for the walkway clearly. The rectangular Dining Room area carpet has 4 cut off corners to frame the space. The walkway runner carpet also has the 45 degree corners unifying the design throughout the spaces.

The Beachley sectional sofa is upholstered in a vibrant yellow chenille fabric and custom pillows.

Custom sheer draperies with wood blinds provide soft sophisticated layering and allowing the daylight to enter the home while controlling glare.

The David Francis rattan lounge chair is a favorite seat of the homeowners. The existing Dining Rm furniture is paired with new Swaim dining chairs in a red silk embroidered fabric. The green suede finished walls add character to the rooms and the walls of the Kitchen, Family room and Breakfast room beyond are finished with a yellow faux wall finish. The lighting, artwork and accessories throughout were selected for these rooms.

The Breakfast Room is just off the Kitchen and the homeowners love to sit and relax in this space. The faux yellow wall finish provide a cheery effect and the accent wall is detailed with Thibaut wallpaper panels and painted stencil designs set in place with applied wood trim moldings adding sophisticated detail for an otherwise plain wall.

A new David Francis rattan table and chairs, floral custom draperies and colorful accent carpet with the accessories give this room an old world Tuscan charm.

The accent planter urns have faux ferns for easy maintenance.

The Family Room just off the Kitchen has relaxed comfortable seating and the drapery fabric and area rug coordinate with the Breakfast room.

The window treatments frame the fireplace wall adding softness and elegance. The custom swivel glider chair is very comfortable and the client loves to nap on the cozy sofa.

The cocktail table, end table and entertainment center are from Stanley furniture. The cocktail table height is 19" which is easier to work at with a laptop.

The rattan Kitchen island swivel bar stools are from David Francis and coordinate with the Breakfast room dining table and chairs.

The Master Bedroom has a metallic copper spray paint wall finish with an English floral wallpaper border set within wood trim moldings; soft sheer plaid draperies and a Charles of London reading chair and custom ottoman are upholstered in red gingham with a matching bedspread.
